

Our mineral oil free compounds for carbonated soft drinks: **SVELON[®] 875 and DARAFORM[®] 6435**

A new sustainable compound solution

Our new environmentally friendly mineral oil free (MOF) compounds SVELON[®] 875 and DARAFORM[®] 6435 give the opportunity to offer a PVC-free and MOF compounds for premium brands.

High sealing performance

Our MOF compounds show great sealing and excellent organoleptic properties, adding an extra boost for consumer protection.

In combination with our adhesive coatings, we offer a complete sustainable system solution.

About ACTEGA

ACTEGA is a division of the internationally operating specialty chemicals group ALTANA. With production facilities in Europe, North and South America and China, ACTEGA develops, produces and distributes specialty coatings, inks, adhesives and sealing compounds with a focus on the packaging industry. Following the motto "Packed with Expertise", ACTEGA does not only offer technically sophisticated product solutions, but also meets the high safety standards of the food, beverages, pharmaceutical and toy industries. Whether for flexible and metal packaging, folding cartons or labels, products by ACTEGA provide packaging with a high-quality appearance and innovative functionalities.

Contact us for more detailed information on how the MOF compounds can bring more value to your premium brands within carbonated soft drinks.
