

A background photograph showing several people's hands holding blue cans, possibly beer, in a social setting. The image is slightly blurred, focusing on the cans in the foreground. A semi-transparent blue and purple circular graphic is overlaid on the left side of the image, containing the main text.

PACKED WITH EXPERTISE

# TPE DISPERSIONS BY YUNICO® TECHNOLOGY

INNOVATIVE COATINGS FOR  
PACKAGING APPLICATIONS

A member of  **ALTANA**

 **ACTEGA**

## OUR YUNICO® TECHNOLOGY

ACTEGA's innovative YUNICO® Technology provides versatile and **fully customizable** dispersion coatings for various packaging applications. By incorporating ACTEGA's well known **high-tech TPEs** (thermoplastic elastomers) – completely **free from PVC and BPA** – food contact safety and environmental compliance are guaranteed. Our **water-based** coatings are **VOC free** – leading to a more safe and sustainable packaging approach.

# VERSATILE SOLUTION FOR PACKAGING APPLICATIONS

With our water-based TPE dispersion coatings incorporating the YUNICO® Technology we cover a wide variety of food packaging applications.

## We offer solutions for:

- Beverage Can Inside and EoE
- Food Can Applications
- Peel Off Ends
- Crown Corks
- Flexible Packaging (e.g. Aluminum)

## About ACTEGA

ACTEGA is a division of the internationally operating specialty chemicals group ALTANA. With production facilities in Europe, North and South America and China, ACTEGA develops, produces and distributes specialty coatings, inks, adhesives and sealing compounds with a focus on the packaging industry. Following the motto „Packed with Expertise“, ACTEGA does not only offer technically sophisticated product solutions, but also meets the high safety standards of the food, beverages, pharmaceutical and toy industries. Whether for flexible and metal packaging, folding cartons or labels, products by ACTEGA provide packaging with a high-quality appearance and innovative functionalities.

We look forward to supporting you in discovering your next innovation.
